## Enjoy the freedom of the palette knife.

Learn to create an oil painting with use of this tool. Composition, contrast, and balance will be addressed with “keeping it loose” our main focus. Students have the ability to complete a knife painting during two-day workshop. This fast-paced way of painting will net a finished painting in a day as you learn techniques that enable us to rapidly produce lovely and romantic, impressionistic results. Joni will demonstrate the special methods of the palette knife and brush with her swift wet-on-wet approach using tonal color. A “controlled” impressionistic style combines clean color with a sharp sense of detail. Up close, appear loose; viewer steps back, the brush and knife strokes blend and the images become exciting and unrestrained. This technique is just as easily applied to acrylic painting. *Supply List available with registration*
